## DETAILED ACTION

### ***Allowable Subject Matter***

1. Claims 12-31 are allowed.

### ***Allowable Subject Matter***

2. The following is an examiner's statement of reasons for allowance:

Claims 12 and 30 have been found to be allowable over the prior art of record because the prior art fails to teach or suggest a kit comprising a radio controlled toy car wheel, a hubcap including a hubcap removable feature, a tire concealing the hubcap removable feature, in combination with the remaining limitations of the claim.

Claim 12 has been found to be allowable over the prior art of record because the prior art fails to teach or suggest a kit, comprising: a plurality of components disposed in a housing including a radio-controlled toy car chassis subassembly, a radio-controlled toy car motor subassembly including a drive gear, a motor retaining clip, a transfer gear, an axle subassembly including an axle configured to be movably and rotatably attached to the chassis, an axle gear fixedly attached to the axle and configured to mesh with the transfer gear, a plurality of hubcaps, a plurality of tires, a controller that is substantially larger in at least one dimension relative to a length of the radio-controlled toy car, in combination with the remaining limitations of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
